Would Not Move.
Moving time has made its annual appearance. Those who are making changes in their locations can appreciate the plaint of the poet who evidently writes from experience:
"I would not move in winter,
When the ground is white with snow
I would not move in springtime,
When the nodding lilacs blow.
I would not move in summer,
When the sun's rays scorch the town
When the dust is thick wherever
One proposes to sit down.
Oh, I would not move in autumn,
When the leaves begin to fall.
And, in fact, if I could help it,
I would never move at all!"

The young people, both boys and girls, who are to take part in the festival of the flowers are requested to meet Mrs. Day in the guild room of the Episcopal church on Thursday afternoon at 1:30.

Officer Martin Kane accompanied young Cunley to Madison this morning and expects to proceed from that place to Kearney where, by order of the judge, the boy will be placed in the state reform school.

The ladies of the Methodist Aid society will serve luncheon in the basement of the church Thursday and Friday, so that those who attend the Teachers association can at a small price be served with a meal, without leaving the building, if they so desire.

George H. Bishop of New Haven, Conn., was in the city this morning on his way home from California where he has been spending the winter. Mr. Bishop has large property interests in Norfolk. He will visit with his brother, W. E. Bishop of Pierce, before he returns.

The News would call attention to the executive order of President McKinley setting apart tomorrow as a day in which "tributes of honor be paid to the memories of the noble men who lost their lives in their country's service during the late war with Spain." Flags on all public buildings are to be placed at half mast and private citizens are requested to observe the day.

A report spread about the city this noon that Prof. O'Connor was dead. The News is glad to state that the rumor was not true, and moreover the latest information received from his bedside are that the symptoms are more favorable than they have been for some days, and there is a chance that he may recover. The professor is very sick, but it will rejoice the people of Norfolk, who hold him in such high esteem, that there is a possibility that he may pull through to health again.

Sports Afield for April has on its cover page a very striking amateur photo taken by Asa K. Leonard of this city entitled, "Out in the Quail Country." It represents a hunting expedition. The view given shows a camp on the banks of the Elkhorn. Leonard is offering the dogs their morning meal from a dish which he holds in his hand, while Dr. Little of Bloomfield and Captain Tracy of this city stand close by, interested observers. It is a pleasant picture, while the group makes it of local interest.

The remains of Mrs. George A. McArthur arrived this noon from Evanston, Wyoming. Representatives of the Degree of Honor and the Tribe of Ben Hur were at the train when it came in from the west. The body was taken to the rooms of Sessions & Bell. Burial will be made in Prospect Hill cemetery at 5 o'clock this afternoon. Members of the Tribe of Ben Hur, Ladies of the Maccabees and Degree of Honor—lodges to which the deceased belonged—will act as escort to the funeral cortege and Rev. Van Fleet will conduct the Episcopal service at the grave.

Hon. T. F. Memminger, who represented this country in the late session of the legislature, was in town over night, returning to his home in Madison this morning. Mr. Memminger has made an exceptionally clean record at Lincoln during the past winter, and his championship of Norfolk measures has gained him many new friends and admirers in this portion of the county. The bill known as the Memminger insurance measure, which he succeeded in getting through the legislature in face of the active opposition of old line insurance companies, is one of the best new laws, allowing the formation of mutual insurance associations on lines which will permit the common people to protect their property without costing half its value.

Homeseekers' Excursion.

On January 17, February 7 and 21, March 7 and 21, 1899, the Missouri Pacific railway company will sell homeseekers' excursion tickets to certain

of the city today. Hacks and carriages have been going hither and yon, and especially in the Third ward where there are three candidates for councilman is the campaign a vigorous one. The polls close at 7 o'clock. A light vote is being cast except in the Third ward where the interest centers.

The water color paintings which will be shown at the art exhibit this week are actual scenes in and about Venice and Rome painted from nature by well known artists of those cities. Remember they are not "copies" by any process but are "originals" and direct from the brush of those artists. Each and every one is a gem. They must be seen to be appreciated.

If Gentle Spring had been a candidate for a member of the school board she would have received a unanimous vote. Even the ladies would have turned out and cast their ballots in her favor and there isn't a business man or working man in the city but who would be glad to give her any office in the gift of the people if she would only put in a prompt appearance and stay awhile.

On complaint of W. H. Kirley, Joseph Vlasney was brought before the police court yesterday charged with selling liquor to William Kirley, a minor and son of the complainant. The case was continued until 1 o'clock today when a hearing resulted in the defendant being found guilty. Judge Hayes in fines and costs imposed \$14.80. Vlasney will take an appeal to the district court.

Among the Nebraska volunteers who have been severely wounded in the recent engagements with the Filipinos is Frank Peterson of Battle Creek. He was severely wounded in the knee March 28. He now lies in a Manila hospital. The Enterprise says: Frank is the youngest member of Co. F, First Neb. Vols., and a great favorite with his comrades. Just how serious his wounds may be will probably not be ascertained for some time, but it is the wish of all that he will soon be able to leave the hospital and return to his Battle Creek home.

The seniors of the Norfolk high school spent a most happy time last evening at the home of Miss Jeffries on South Second street. One member was absent, but his absence was understood and excused. He belongs to a ball club, consisting of two members, but whose existence, unlike the ordinary combination of nine, extends through all the year. There was a meeting of the club last evening, so, of course, it was very desirable he should be present to make a quorum. Though missing his masterful presence yet the class spent a most delightful evening.
